**Does your student receive free or reduced lunch? How does free home internet sound? If you answered yes to both questions your student is eligible to receive a FREE hotspot**

A hotspot enables them to have free internet at home! Students will be able to link up to five devices per unit. The hotspots, equipped with safeguards to protect students online, directly support DCSD's Digital Dreamers initiative to increase students' technological footprint and prepare them to be globally competitive citizens.

By participating in the Sprint 1 Million Project, students have potential to row, achieve and excel in today's digital learning environment. Preparation is essential as we face a dynamic and challenging future work environment.

**Return the Sprint form on the last page of this newsletter below form for a free hotspot to the Media Center by Friday,**
