# Student Parking Alert

Due to issues concerning student parking we have established the following policy concerning students parking without parking passes and parking in areas designated only for staff and visitors parking.

Any student parking on campus during school hours or parking in areas where student parking is prohibited will have their cars booted by campus security. For those student vehicles that are booted, the parents of those students will be required to meet with an administrator in order to have the vehicles released to the parent. In the case of secondary violations, students will face the possibility of out of school suspension.

Thank you for your cooperation in this matter as we continue to provide a safe environment for our students and staff.
